Keep Vital Evidence Secure From Tampering Or Theft!

The KitVault is designed to house CCTV equipment such as DVRs. It keeps the equipment secure from unauthorised tampering by staff and visitors, and also from theft of the equipment itself. In addition to the lockable door, the enclosure can be bolted to a shelf, desk or wall to prevent removal.

Dimensions - Internal & External

Installing 12V Fan Kits

These 12V DC fan kits allow cool air to be circulated around the electronic equipment stored inside the KitVault DVR Enclosure. The KitVault has 3 fan vents, one on either side and one at the back to allow quick fitting.

Each fan kit comes supplied with fixing screws and 500mm fly-lead with a 2.1mm DC socket.

For more information on keeping your DVR cool and secure see online tip 258 ▶▶▶

The Expert's Advice...

"It's no good fitting a DVR if it gets stolen!

In a growing number of break-ins the DVR is stolen so vital footage which could lead to a conviction is lost.

Bolt it down and out of sight with a KitVault."
